

COVID – 19 Operational Procedures and Regulations:

1670 Sports & Entertainment, through its operating business outlets, the Race of Champions Modified Series and the Racing Promotion Monthly (RPM) Newsletter and Workshops will operate under any and all Federal, State, County and Local community guidelines in regard to the current regulations and restrictions as it relates to the Coronavirus COVID-19 pandemic.

It is our intent to focus on the correct health measures while limiting the risk of exposure to the potential contraction of the virus.

Due to the nature of our business, it is challenging to know the whereabouts of all attendees, however, we will participate in healthy activities to detect any individuals who may have the virus, handle them in an appropriate way as determined by local and onsite officials, as well as the proper protocol of contact tracing as a follow up to the situation.

Employee Procedures for Safe Function and Safety:

1. Employee e-mail, in detail, in regard to the protocol of the event in regard to the procedures at the event location.
2. Upon arrival to work, temperature and self-check, noted and signed on employee sheet. (Any employee with a fever or feeling ill will be sent home immediately and will be instructed not to return to work for a minimum of 14-days and a doctor's release).
3. Safety briefing to address any and all issues in regard to safe and healthy operation of the day.
4. Personal Protection Equipment (PPE) evaluation, new equipment supplied if inadequate or replacement required.
5. All employees required to wear masks.
6. Practice social distancing and only interact with participants or attendees only when absolutely required.
7. Random personal temperature checks through the day.
8. The amount of officials at the event will meet the minimum amount of officials to conduct the event safely and fairly, covering all aspects of officiating the event in its entirety.
9. All employees have been instructed on the importance of the "contactless" points of purchase, automated draws and contactless redraws.
10. Virtual driver meetings, video recorded and posted on social media outlets to prevent congregation.

Competitor / Participant Regulations:

1. Random temperature checking on entry.
2. Masks required when working within 6' (feet) of other individuals. Drivers will not be required to wear a mask when they have their helmet on.
3. Intermingling and visiting other teams will not be permitted.
4. Signage to let Competitors / Participants know event regulations on entry, including – Social Distancing, Facility Rules and all safe practices (hand sanitizer, hand sanitizing station locations, avoiding congregation, medic location, etc... distancing and facility rules regarding safe practices. These include avoiding groups, wearing a face covering/mask at all times, use of hand sanitizer stations, etc.

Other Regulation and Guidelines for successful event practices:

1. Follow all event facility guidelines and regulations as provided by management of facility.
2. Hand sanitizers at critical areas; entrances, concessions/novelties, restrooms, driver registration areas, also plexiglass shielding where applicable.
3. Social distancing signage and marking, regulated at ticketing, concession and restroom areas.
4. All vendors and exhibitors must have sanitizing stations at their displays and work areas as well wear masks, per the regulations and practice social distancing.
5. Utilize security (track and hotel) to assist in activating the practice of social distancing.
6. Additional activities and/or “events within the events” will practice strictly by the policies as provided.
7. Seating in any location must be spaced properly to observe social distancing policies, allowing groups to sit together, leaving room between the next individual and group. (Rows of seating may be removed and or labeled to prevent anyone sitting in the seats.)
8. Consolidate all promotional activities, use virtual autographs and minimize victory lane, opening and other award ceremonies.
9. Promote and utilize “contactless” points of purchase and do not use cash. Restrict cash handling.
10. Reach out to local hospitals and health care professionals (if facility hasn't) and prepare to offer “onsite” testing if necessary for the conduct of the event.
